*Power in the Pulpit* Jerry Vines 1999-06-10 The call to preach is just that- a call to preach. The call to preach, however, is more than just preaching. The call to preach is a call to prepare. Too many pastors have refrained from preparation while they await the Holy Spirit to do all of the work. God expects preachers to prepare sermons as much as possible and allow Him to prepare the preachers. Join Dr. Jerry Vines and Dr. Jim Shaddix as they achieve a balanced approach to teaching sermon preparation in Power in the Pulpit. This book combines the essential perspectives of a pastor of forty years with another pastor who also devotes daily time to training pastors in the context of theological education. Thus, Power in the Pulpit is a practical preaching help from a pastoral perspective in the tradition where expository preaching is a paramount and frequent event in the life of the local church. Power in the Pulpit is the combined work of Dr. Vines's two earlier publications on preaching: A Practical Guide to Sermon Preparation (Moody Press, 1985) and A Guide to Effective Sermon Delivery (Moody Press, 1986). Dr. Shaddix carefully organizes and supplements the material to offer this useful resource which closes the gap between classroom theory and what a pastor experiences in his weekly sermon preparation.

*Preparing Expository Sermons* Ramesh Richard 2001-11-01 "The Bible is what God has made. Sermons are what we make with what God has made." This is the foundation for developing expository messages, according to Ramesh Richard. His method, explained in Preparing Expository Sermons, has been field-tested in training seminars for thousands of preachers around the world. Richard's book is a simple do-it-yourself resource for developing and preaching expository sermons. It guides the reader through a seven-step process, with many practical suggestions and illustrative charts along the way. In addition, there are eleven appendixes that include information on: o how to choose a text o preaching narratives o understanding your audience o forms of sermon introduction A comprehensive sermon evaluation questionnaire is included as well. Preparing Expository Sermons, an updated and expanded version of Scripture Sculpture, is ideal for beginning preachers, lay preachers without formal training, or any pastor who is looking for a refresher course in expository sermon preparation.

*Preaching God's Word* Terry G. Carter 2009-08-30 People in churches today are hungry for a word from God. Preachers need to prepare and deliver sound biblical sermons that connect with their audience in a meaningful way. Whether you are a student new to preaching or a veteran looking to brush up your preaching skills, here is a valuable resource.Good preaching begins with good exegesis. Preaching God's Word walks you through the steps of the "Interpretive Journey" from the biblical text to contemporary application:• Grasp the text in "Their Town" (what it meant to the original audience).• Measure the width of the river that separates the biblical context from today.• Cross the "Principalizing Bridge" by identifying the timeless theological principles.• Grasp the text in "Our Town."While the science of solid biblical interpretation is essential to effective preaching, it must be married to the art of contemporary communication in order to bring the message home. Preaching God's Word also shows you how to understand your audience, develop powerful applications, use illustrations well, and deliver the sermon effectively.

The concluding chapters discuss the unique preaching challenges presented by the various biblical genres, providing interpretive keys, things to avoid, and numerous examples."Carter, Duvall, and Hays have given us a basic and worthy manual of how-to's for preaching. Now since Haddon Robinson's classic text has a book taken such a practical and understandable, step-by-step approach to the sermon." -Calvin Miller, Professor of Divinity, Beeson Divinity School"In a day when the church-world is lulled into complacency by sermons that are little more than entertaining homilies on good values and fix-it paradigms, here is a guide to proclamation the way it was meant to be...biblical, understandable, and transforming." -Joseph M. Stowell, Teaching Pastor, Harvest Bible Church; Former President, Moody Bible Institute.

**A Treatise on the Preparation and Delivery of Sermons (Classic Reprint)** John Albert Broadus 2015-07-18 Excerpt from A Treatise on the Preparation and Delivery of Sermons Special pains have been taken, at the proper points of the treatise, to give practical suggestions for ex temporeaneous speaking. Most works confine their instruction as regards the preparation of sermons to the case of writing out in full; and many treat of delivery, as if it were in all cases to be reading or recitation. The effort has here been to keep the different methods in view, and to mention, in connection with matters applicable to all alike, such as apply to one or another method in particular. About the

*Spirit-Led Preaching* Greg Heisler 2018-07-01 Preaching simply does not happen apart from the Holy Spirit. In fact, preaching is the Spirit's ministry! Spirit-Led Preaching helps readers understand preaching from the Spirit's point of view and teaches about the Spirit's role in both the preparation and delivery process, showing what it means to be truly empowered by the Spirit when you preach. It also explains the crucial connection between Word and Spirit as they depend on each other to bring about spiritual transformation in the lives of the congregation. This revised edition includes a new chapter on the congregation's role in relationship to the Spirit and preaching—a subject not often mentioned in books on preaching. Spirit-led Preaching is a book written by a pastor to pastors and students of preaching and is filled with personal examples from the author's own preaching ministry. It has encouraged both novice students of preaching as well as seasoned pulpit veterans for over a decade. In 2007, Spirit-Led Preaching won first place for the Pastor's Soul category from Christianity Today magazine.

**Developments and Evaluation of a Sermon Preparation and Delivery Class for Laymen** Kenneth Joseph Burge 2006 The thesis of this study was that laymen can be trained to adequately prepare and deliver biblical sermons. A class was created to accomplish this purpose. The Christian preachers were taught how to construct expository messages. The importance of good sermon delivery was stressed. The preachers were instructed to read the text aloud expressively, use voice, body, and eyes appropriately, and communicate passionately. Finally, the students were trained to evaluate messages for accuracy, clarity, interest, and relevance. It was concluded that the course in lay preaching did help those in the class learn to prepare and preach effective sermons.

**On the Preparation and Delivery of Sermons** John A. Broadus 2014-03-31 "The great appointed means of spreading the good tidings of salvation through Christ is preaching – words spoken whether to the individual, or to the assembly," writes Broadus. "And this, nothing can supersede. Printing has become a mighty agency for good and for evil; and Christians should employ it, with the utmost diligence and in every possible way, for the spread of truth. But printing can never take the place of the living word. When a man who is apt in teaching, whose soul is on fire with the truth which he trusts has saved him and hopes will save others, speaks to his fellow-men, face to face, eye to eye, and electric sympathies flash to and fro between him and his hearers, till they lift each other up, higher and higher, into the intensest thought, and the most impassioned emotion – higher and yet higher, till they are borne as on chariots of fire above the world, – there is a power to move men, to influence character, life, destiny, such as no printed page can ever possess. " This classic on expository preaching is organized as follows: Introduction Part I. Materials of Preaching I. The Text – Selection II. The Text–Interpretation III. Subjects – Classified IV. Sermons for Particular Occasions and Classes V. General Materials of Preaching VI. Special Materials – Explanation VII. Special Materials – Argument VIII. Special Materials – Illustration IX. **On the Preparation and Delivery of Sermons** John Albert Broadus 2004-09 This is the classic "Dargan Edition" of John A. Broadus' masterful treatise on "The Preparation and Delivery of Sermons" updated in 1897 by his colleague, Edwin Charles Dargan. Originally written in 1870, this book became the standard text-book for more than a generation, passing through 22 editions in the US alone. It was used as a text in the United Kingdom, Japan, China and Brazil in the 19th century. It has been updated twice in the 20th century, but these updates, in many ways, were unfaithful to Broadus' original work. There is nothing like "The Dargan Edition" of Broadus. - Publisher.
