Tadeo Haenke, su obra en los Andes y la selva, boliviana Tadeáš Haenke 1974

The Invisible Man H. G. Wells 2017-01-22 First published in 1897, The Invisible Man is one of the first science fiction stories. The disturbing tale centers on Griffin, a scientist who has discovered the means to make himself invisible.

His initial, almost comedic, adventures are soon overshadowed by the bizarre streak of terror he unleashes upon the inhabitants of a small village. Notable for its sheer invention, suspense, and psychological nuance, The Invisible Man had been filmed many times and continues to enthrall science-fiction fans today as it did the reading public nearly 100 years ago.

Attributing Authorship Harold Love 2002-06-20 Recent literary scholarship has seen a shift of interest away from questions of attribution. Yet these questions remain urgent and important for any historical study of writing, and have been given a powerful new impetus by advances in statistical studies of language and the coming on line of large databases of texts in machine-searchable form. The present book is the first comprehensive survey of the field from a literary perspective to appear for forty years. It covers both traditional and computer based approaches to attribution, and evaluates each in respect of their potentialities and limitations. It revisits a number of famous controversies, including those concerning the authorship of the Homeric poems, books from the Old and New Testaments, and the plays of Shakespeare. Written with wit as well as erudition Attributing Authorship will make this intriguing field accessible for students and scholars alike.

Juan de la Rosa Nataniel Aguirre 2021-05-04 Esta novela, considerada como la más importante de la historia de Bolivia, narra la historia de un niño huérfano desde la Revolución de Cochabamba (1810) hasta el ataque que sufrió la ciudad dos años después. En sus páginas se relatan las batallas de Aroma y de Amiraya o el sacrificio de las mujeres de Cochabamba, que resisten la carga de la caballería de Goyeneche en la colina de San Sebastián. Tradicionalmente, siempre se ha considerado al diplomático e historiador Nataniel Aguirre (Cochabamba, 1843 - Montevideo, 1888) como su autor, pero algunos estudiosos bolivianos creen que en realidad fue él quien la corrigió y la editó, pero que el escritor fue el coronel Juan de la Rosa o Juan Altamirano Calatayud. La primera edición del libro, que no tuvo trascendencia y se publicó en 1885 con el título de Cochabamba, no tiene ninguna referencia al autor en la portada y en ella solo se menciona a su protagonista, Juan de la Rosa. En 1909 los herederos de Aguirre encontraron unos manuscritos y publicaron por segunda vez la novela en México y París (editorial Bourdet), atribuyéndola a su pariente, y esta vez sí tuvo una gran difusión en los círculos literarios.

Las 10 mejores novelas de la literatura boliviana Carlos D. Mesa G. 2004

Juan de la Rosa Nataniel Aguirre 1999-04-29 Long considered a classic in Bolivia, Juan de la Rosa tells the story of a young boy's coming of age during the violent and tumultuous years of Bolivia's struggle for independence. Indeed, in this remarkable novel, Juan's search for his personal identity functions as an allegory of Bolivia's search for its identity as a nation. Set in the early 1800s, the novel is narrated by one of the last surviving Bolivian rebels, octogenarian Juan de la Rosa. Juan recreates his childhood in the rebellious town of Cochabamba, and with it a large cast of full bodied, Dickensian characters both heroic and malevolent. The larger cultural dislocations brought about by Bolivia's political upheaval are echoed in those experienced by Juan, whose mother's untimely death sets off a chain of unpredictable events that propel him into the fiery crucible of the South American Independence Movement. Outraged by Juan's outspokenness against Spanish rule and his awakening political consciousness, his loyalist guardians banish him to the countryside, where he witnesses firsthand the Spaniards' violent repression and rebels' valiant resistance that crystallize both his personal destiny and that of his country. In Sergio Gabriel Waisman's fluid translation, English readers have access to Juan de la Rosa for the very first time.

Enciclopedia Internacional de Pseudónimos Michael Peschke 2006 This Encyclopedia is the first to compile pseudonyms from all over the world, from all ages and occupations in a single work: some 500,000 pseudonyms of roughly 270,000 people are deciphered here. Besides pseudonyms in the narrower sense, initials, nick names, order names, birth and married names etc. are included. The volumes 1 to 9 list persons by their real names in alphabetical order. To make the unequivocal identification of a person easier, year and place of birth and death are provided where available, as are profession, nationality, the pseudonym under which the person was known, and finally, the sources used. The names of professions given in the source material have been translated into English especially for this encyclopaedia. In the second part, covering the volumes 10 to 16, the pseudonyms are listed alphabetically and the real names provided. Approx. 500,000 pseudonyms of about 270,000 persons First encyclopedia including pseudonyms from all over the world, all times and all occupations Essential research tool for anyone wishing to identify persons and names for his research within one single work

Resumen de historia de la novela hispanoamericana Agustín del Saz 1949

Indice informativo de la novela hispanoamericana: El Altiplano (Bolivia, Ecuador, Perú) Edna Coll 1974 "Dr. Edna Coll is known in the Latin American literary world for having consecrated more than twenty years to unravel the sense of fiction creation in Spanish-speaking America, and to organize this sense in synthesis and perspectives which surpass the nations where each one of these authors write."
